

What is a Family-School Compact?

A School-Parent-Teacher Compact for Achievement is an agreement that parents, students and teachers develop together. It explains how parents, teachers and students will work together to ensure success and that all students reach grade-level achievement in compliance with the Florida State standards. Effective compacts link goals of the school improvement plan, focus on learning skills, describe how teachers will help students develop skills using high quality instruction, share strategies parents can use at home, explain how teachers and parents will communicate about student progress and describe opportunities for parents to participate in their child's education.

PARENT OUTREACH OPPORTUNITES
